

Impact Ready Drilling Carded

FEATURES

- Ground from solid one piece design is up to 5 times more durable than the current 2 piece conventional product.
- Patented web taper increases the rigidity of the bit to decrease the potential for bit breakage.
- Patented Pilot Point ® tip (3/16" - 1/2") allows users to drill holes faster than the conventional split point product and offers clean burr free holes with reduced bit walking.

Catalog Number	Description	Qty/ Card	Diameter	Length
